Ms. Charlene Silva, Health Director
San Mateo County Environmental Health
225 37th Avenue
San Mateo, California 94403

Dear Ms. Silva:

The California Environmental Protection Agency (Cal/EPA), Office of Emergency Services, Office of the State Fire Marshal, Department of Toxic Substances Control, and the State Water Resources Control Board conducted a program evaluation of the San Mateo County Environmental Health Certified Unified Program Agency (CUPA) on August 30 and August 31, 2005. The evaluation consisted of a review of program elements, an in-office program review and field inspections. The state evaluators completed a Certified Unified Program Agency Evaluation Summary of Findings with your agency's program management staff, which included identified deficiencies, preliminary corrective actions, and timeframes.

On May 4, 2006, Cal/EPA received hardcopy documentation of corrective actions taken by San Mateo County Environmental Health for deficiencies found during the evaluation process. After reviewing the Summary of Findings and the documentation of corrective actions, I find that all deficiencies noted in the Summary of Findings have been corrected.

Cal/EPA appreciates the corrective actions taken by San Mateo County Environmental Health. Having determined that San Mateo County Environmental Health has corrected all of its deficiencies, Cal/EPA has modified San Mateo County Environmental Health's program status from satisfactory with some improvement needed to meets program performance standards.
